### **Questions raised by bidders**

#### **Question 1**

Page 15 of 48, Clause 3.3.1.

The sum of Building Works, Alteration Works and Redecoration works equals R54,306,689-00 (Estimated value for fee purposes), whilst the Total estimated construction cost in the table is indicated as R49,369,717-00. Which value is correct and must be used for the calculation of professional fees?

#### **Response:**

Use R54 306 689 for calculation of fees.

#### **Question 2**

Can you please clarify the following?

C2.1.2.4 Disbursements in respect of all travelling and related expenses including all travelling costs, time charges and subsistence allowances related thereto will be paid for separately. The site must be visited as often as the works require for the execution of all duties on the Project. The Service Provider must be available at 24 hours' notice to visit the site if so required. All costs in this regard will be deemed to be included in the applicable fees.

The above clause is taken from the bid document.

The sentence : “All costs in this regard will be deemed to be included in the applicable fees.”.....Which costs are referred to?

#### **Response:**

These are disbursements fees or rates as determined by National Public Works.
